

For Ohio: Probably Local Thunder Showers Tonight and Saturday.

WASHINGTON HERALD

THE HERALD RECEIVES THE ASSOCIATED PRESS DISPATCHES.

SHOWERS

VOL. 32 NO. 135

WASHINGTON C. H., OHIO, FRIDAY, JUNE 8, 1917

Ten Cents a Week

SAN SALVADOR DESTROYED BY EARTHQUAKE

San Juan Bel Sur, Nicaragua, June 8.—(Associated Press Bulletin).—San Salvador, the capital of the republic of Salvador, with a population of more than 60,000, has been totally destroyed, according to a dispatch from San Miguel, Salvador. No details as to the manner in which the city was destroyed have been received, but it undoubtedly was the result of an earthquake or volcanic eruption.

A dispatch from Honduras says that in addition to the wiping out of San Salvador, five other towns, also, were destroyed, including a suburb of San Salvador.

At 9:50 o'clock this morning there was still no communication between San Salvador and Tegucigalpa.

AMERICAN MINISTER'S REPORT

Washington, June 8.—(Associated Press Dispatch).—Dispatches from American Minister Long at San Salvador stated at nine o'clock last night, while the volcano of San Salvador was erupting, that that part of the city had been destroyed by fire, but that it was under control. Great damage was done.

The dispatch said that about 6:35 p. m. yesterday, severe earthquakes began, and continued until about 8:45 with varying degrees of intensity.

At about 8:45, the volcano at San Salvador began to belch forth fire and smoke.

There was later one severe shock, but the tremors of the earth continued with decreasing violence. At the same time there was a steady shower of dry ashes falling over the city.

The report says damage to the American Legation building will render it uninhabitable, but that all records are safe. No deaths were reported in the minister's dispatch as being known at that hour.

It is quite possible that further volcanic eruptions, fire or earthquake might have wrought greater damage after the sending of his dispatch.

EVERYTHING WITHIN A 30 MILE RADIUS IS TOTALLY DESTROYED

San Juan Del Sur, June 8.—(Associated Press Cable).—An operator who reached the edge of the destroyed zone reported at 9:20 o'clock this morning that San Salvador was in ruins, and that everything within a radius of thirty miles had been destroyed by the earthquake.

The town of Santa Tecla has been destroyed, according to this report. At the time the report was sent, it had been raining heavily for five hours.

The disaster is supposed to have been caused by an eruption of the volcano of San Salvador, at the foot of which the city is situated.

LOCATION OF VOLCANO

San Salvador is about three miles southeast of the volcano of San Salvador and is the seat of Government of the smallest but most densely populated of the republics of Central America.

The first record of an earthquake there was in 1873, when the entire city was nearly leveled and 50 persons perished. Since then, the city and surrounding country have been rocked again and again, while cities and towns being razed and many persons being killed.

The city, which was founded about 1525, is located about 120 miles south-east of the town of Guatemala and is on a small stream which flows into the Pacific Ocean.

As the country's principal industry is agriculture, and as much agricultural property has been destroyed in previous disasters, losses to tillers of the soil have been tremendous.

The country of San Salvador contains about 7,225 square miles and has a coast line of 160 miles from the mouth of the Rio de la Paz to that of the Moscoran in the Bay of Fonseca. Its length is about 140 miles and its breadth about 60 miles.

"AMERICA FLOCKS TO THE STANDARD," SAYS WILSON

In his address to the Confederate veterans in Washington on registration day President Wilson said:

"Will you not support me in feeling that there is some significance in this coincidence; that this day, when I come to welcome you to the national capital, is a day when men young as you were in those old days, when you gathered together to fight, are now registering their names as evidence of this great idea, that in a democracy the duty to serve and the privilege to serve fall upon all alike? There is something very fine, my fellow citizens, in the spirit of the volunteer, but deeper than the volunteer spirit is the spirit of obligation. There is not a man of us who must not hold himself ready to be

summoned to the duty of supporting the great government under which we live.

"These solemn lines of young men going today all over the Union to places of registration ought to be a signal to the world, to those who dare not the dignity and honor and rights of the United States, that all her manhood will flock to that standard under which we all delight to

serve, and that he who challenges the rights and principles of the United States challenges the united strength and devotion of a nation." The pictures show registration scenes in a large city. No. 1 soldiers on guard at out door registration, with fire hose ready for use in case of disturbances; No. 2, crowd in line for registration; No. 3, Chinese entering their names.

OFFENSIVE GROWING

(Associated Press Cable.)

British Headquarters in France, via London, June 8.—(From a Staff Correspondent of the Associated Press).—The number of prisoners reaching the collecting station since the beginning yesterday of the new British drive in Belgium has now reached more than 6,000. Many more prisoners are coming in.

No estimate of the number of guns captured is yet possible, although it is known that several German batteries were taken practically intact. The night passed quietly on the

front of the new attack, all the conquered territory being held.

Prisoners say that scores of German guns were destroyed during the British bombardment. The German losses in their counter attacks were terrible.

The full depth of the British attack was 5,000 yards. Three counter attacks by the Germans, which were not delivered in great force, were broken up last night.

FOULY MURDERED

By Associated Press Dispatch.

Flemington, New Jersey, June 8.—William H. Queen, his wife and daughter, Miss Eleanor Queen, a school teacher, were murdered near Mt. Pleasant, Hunterdon county, last night. The farm buildings were burned.

The murdered man was a brother of former Judge Paul A. Queen, of Flemington, N. J.

ARE FIRM

(Associated Press Cable.)

Petrograd, via London, June 8.—The Congress of Peasants, in session here, adopted a resolution to day calling up the Army to submit itself to discipline and defend revolutionary Russia.

The congress affirms the duty of those it represents to defend the country energetically and make every sacrifice to sustain the fighting strength of the Army.

MAINE REPORTS

By Associated Press Dispatch.

Washington, June 8.—The Governor of Maine reports the State's total registration at 60,176, divided as follows: white, 49,997; colored, 106; alien, 10,043; alien enemies, 120; indicated possible exemptions, 29,392; State's estimated eligible, 53,578.

PERSHING AND STAFF SAFE IN ENGLAND ROYALLY WELCOMED

A British Port, June 8.—(Associated Press Cable).—Major General Pershing and his Staff arrived here this morning, after an uneventful trip.

All the members of his party were in good health and good spirits. Their ship was escorted into port by American destroyers.

A hearty welcome was extended to the Americans by official representatives of the Admiralty, the War Office and the municipal authorities.

The War Office has assigned a brigadier general of the British Army as aide to General Pershing. He took up his duties with the Commander in Chief as soon as the latter reached here.

The formal welcome to the Americans on the landing stage was a stirring scene. A guard of honor, composed of Royal Welsh Fusiliers, was drawn up at the landing with a regimental band.

After General Pershing had been introduced to the military officer in command of the port, he inspected the Guard of Honor, while the band played "The Star Spangled Banner."

The only civilians who met General Pershing were representatives of American press associations and newspapers.

General Pershing said to the Associated Press:

"The trip has been delightful, particularly the latter stages, when we were escorted through the danger zone by our own destroyers.

"Speaking for myself and my staff, we are glad to be the standard bearers of America in this great war for civilization."

THE ARRIVAL IN LONDON

London, June 8.—General Pershing arrived in London this afternoon. He was welcomed by Walter Hines Page, the American Ambassador; Lord Derby, Secretary of State for War; Viscount French, commanding the British Home Forces, and other officers, including Lord Brooke, who will be attached to General Pershing's staff during his stay in England.

ONE HUNDRED FLYERS ARRIVE

Washington, June 8.—(Associated Press Dispatch).—One hundred American aviators from the Navy Flying Corps have arrived safely in France for any duty that may present itself, according to a statement issued today by Secretary Daniels.

They are the first of the American fighting forces to reach France. The force includes four highly trained navy aviators, and a high percentage of the remaining men also is composed of experienced airmen. The others will complete their training in France.

The statement adds that Lieutenant Kenneth Whiting commands the corps, which was sent for duty in anti-submarine operations or for any other active duty that may be given them in France.

GERMANS' REACTION VERY WEAK

(Associated Press Cable.)

So far the Germans have reacted hesitatingly before the tremendous drive which the British have delivered into the German line in Belgium.

Only weak counter attacks were reported during last night, according to the unofficial account from the battlefields, and General Haig's troops have held all the ground they won, which reached at points a depth of nearly three miles.

The force of the British drive is only in part indicated by the reports of more than 6,000 prisoners taken.

While the counter attacks so far delivered have not been in great force, and have been readily repulsed with extremely heavy losses to the Germans, the rush of German reserves into the fray cannot be much longer delayed, and much furious fighting is to be expected before the attack can be pressed further into German held territory.

LINE IS TAKEN BY B. & O. FOLKS

By Associated Press Dispatch.

Dayton, O., June 8.—The Baltimore & Ohio, through Kuhn, Loeb & Company of New York, today bought the main line of the Cincinnati, Hamilton and Dayton Railroad from Cincinnati to Toledo, 201 miles, for \$3,500,000.

The Weston Division sold in two parcels, from Dayton to Berlin, 114 miles, to Kuhn, Loeb & Company, reorganization managers, for \$1,160,000, and from Berlin to Dean, 37 miles, to Joseph Joseph & Brothers Company, for \$775,000.

TOLEDO & CINCINNATI

Complete reorganization of the C. H. & D. Railway, which will be taken over by a new corporation that probably will be known as the Toledo & Cincinnati Railway Company, became known here today when an application was filed with the State Public Utilities Commission for an order authorizing and consenting to the issue of stock by the new concern.

It proposes to take over some 365 miles of the C. H. & D. The capital stock will be approximately \$40,000,000 divided into \$5,000,000 in capital stock \$16,250,000 in first and refunding mortgage bonds, and \$20,000,000 in adjustment and improvement mortgage bonds.

In the reorganization, it is proposed that the lines of the old company become an integral portion of the B. & O. Railway which is heavily interested as holder or guarantor of securities.

Clothes that drape

THAT's what you want these days; the "paper-on-the-wall" idea of a fit is past.

Notice this Varsity Fifty Five
by
Hart Schaffner & Marx

See how free it hangs; the suit suggests the natural lines of the figure; the lapels roll back; the fronts drape; the clothes are informal, comfortable.

Your ideas are expressed in these stylish, all-wool suits. We'll show you many variations and some unusual values.

An Oxford Sale Which Solves the Problem of High Cost of Footwear

If you want a pair of fashionable shoes with all of the curlicues and thingumbobs of the season on them, don't look for them in this sale.

If you do want a GOOD PAIR of serviceable, sensible Oxfords, made of real leather and sure to give wear and satisfaction—Don't this miss sale.

LADIES OXFORDS—A variety of styles and sizes to select from . . . **\$1.50**

MEN'S OXFORDS—You should really pick out a couple of pairs at the price we have marked them. You may never have the opportunity of buying such good shoes at so low a price . . . **\$2.50**

BOYS OXFORDS—A nice showing of these in black and tan leathers from which you may make your Choice at . . . **\$1.25**

These New Shirts Are Sure Good To Look At

And it seems some satisfaction to know that they'll look just the same after six months of laundering.

Fast colors and good fabrics are absolutely essential in the selling of shirt satisfaction—and that is what we aim to give.

Whether it's a dollar shirt or a six dollar one—you may rest assured that the value you get for your money is the best to be had anywhere.

Manhattan Shirts Are Still in Favor

Arrow Collars in All of the New Styles

New Straw Hats

A Straw Hat Used to be a Straw Hat

Now it means a Bangkok, a Panama, a Balibuntal, a Leghorn, a Sennet, a Milan or a Split Straw.

We show all of these to suit all tastes—and become all styles.

CRAIG BROTHERS

**YOUR FOLKS
can't drink
premiums any
more than they
can eat NAILS**

YOU can't get both good coffee and a premium. The price would be beyond reason. No premiums come with Golden Sun. It's fine and it's clean coffee. Every cup you make will be full-bodied, stimulating, gratifying, clear, of delicate aroma and delicious flavor. Its price is modest and, being cut by the exclusive Golden Sun process, it is chaffless, hence economical. Sold only by grocers—never by wagon men or peddlers.

COMMITTEE.

BUY A LIBERTY BOND NOW.

PART OF THE C. H. & D. MAY BE USED IN EUROPE

Delphos Division Sold to Cincinnati Men, and Remainder of Road Sells This Afternoon. Dismemberment of Road Under Way.

Indications are that part of the C. H. & D. Railroad which is now being disposed of at public auction, will be shipped to France for use behind the lines, a Cincinnati firm purchasing part of the Delphos Division of the road for the steel.

The Joseph Josephs Brothers Company, of Cincinnati, dealers in wire and steel, purchased that section of the road extending from this city to Stillwater Junction, several miles northwest, at its bid of \$194,000. It was reported that the steel and other equipment would be taken up and disposed of by the concern, which has a large foreign business.

The sale of this small section of the line, which is part of the road extending to Delphos, led to the report that the first step in the elimination of the C. H. & D. as a separate unit in Middle West transportation had been taken, and that the Wells Division, may be taken over by the B. and O. interests.

The Edgement yards of the C. H. & D. were sold by Commissioner Ferris to Duncan H. Holmes and R. Holmes and R. T. Swayne, representing Kuhn, Leob & Co. for \$100,000. Messrs Holmes and Swayne, it is reported, practically represent the

Reorganization Committee. It is said that another line could be used by the C. H. and D. to Stillwater Junction if necessary.

The main line of the C. H. and D. from Cincinnati to Toledo will also be sold today, at the sale. Reorganization of the road under the ownership of the B. and O. has been agreed on, it is reported, though the plan of operation has not been made public.

The sale is to be made to satisfy creditors in a consolidated cause of equity pending in the United States Court, entitled "Bankers' Trust Company Plaintiff, against the Cincinnati, Hamilton and Dayton Railway Company, Defendant."

CHARLES M'CREA IS ON SUB. CHASER

Charles M'Crea, eldest son of Mrs. Myrtle M'Crea, of this city, is now somewhere on the other side of the world aboard one of Uncle Sam's submarine chasers, according to report received a short time ago.

M'Crea enlisted for four years service in the navy, passed the required examination, and was trained at Norfolk, Virginia, later being assigned to a submarine chaser which is now on duty off the coast of some of the island possessions of the United States.

A message sent to his mother had been censored so that the exact location of the boat is unknown. It required twenty days to make the trip from the U. S. to the scene of patrol.

PENNSY AGENTS HOLD MEETING HERE

Fifty agents and officials of the Zanesville division of the Pennsylvania railroad held their semi-annual convention in the Cherry Hotel parlors Thursday.

After the morning session which convened at 10:00 o'clock, and lasted until noon, the delegates took dinner together at the Cherry.

The business session was resumed at 1:00 o'clock and lasted throughout the afternoon and concluded with a banquet in the evening.

The following officials of the district attended the convention: T. S. Trainor, division freight agent; W. W. Varney, train master, and B. V. McCarty, division operator of Zanesville; R. B. Thompson of Pittsburgh and W. J. Flanders, special agent of Woodsfield, Ohio.

NEW HOLLAND RED CROSS CHAPTER HAS FULLY 500 MEMBERS

As result of a concerted effort in New Holland, Thursday, the membership in the Red Cross organization in that town has been boosted to the 500 mark, virtually all of the members being obtained in a single day, those backing the work doing their part nobly.

In one place of business 75 members were obtained during Thursday, and of the 500 members, quite a number paid \$25 for life membership.

The New Holland chapter is a branch of the Circleville chapter, and was organized sometime ago, but no concerted effort had been made to obtain members until the drive on Thursday.

OFFICERS ELECTED BY VANCE LODGE

Vance Lodge No. 566, Knights of Pythias, of Madison Mills, at its regular weekly session this week elected the following officers, who will be installed at the first meeting in July, for the term of six months.

Deputy Grand Chancellor, Maurice B. Hopkins; C. C. O. C. Kneisley; V. C. Elwood Rapp; Prelate, Chas. Nelson; M. of W. C. E. Hughes; M. at A. Claude Reynolds; I. G. Howard Harris; O. G. Jas. Kern.

Vance Lodge numbers 144 members, and is one of the most energetic lodges in rural Fayette.

On Sunday, June 17, at two o'clock, the lodge will hold its annual memorial services for departed members. This will be held at Madison Mills.

HUSBAND BRINGS DIVORCE ACTION

In the common pleas court of Highland county, Ayers L. Bobbitt has filed action for divorce from Anna Bobbitt, who resides at Good Hope, this county, charging her with gross neglect of duty, and that she left him.

It is noted in the petition that at a recent meeting alimony was arranged, and the plaintiff asks that the defendant be barred from dower interest in his estate. H. S. Pulse represents the plaintiff.

Jess W. Smith

Jess W. Smith

IN SOCIAL CIRCLES
Edith Blackman entertained fourth grade pupils with a very picnic at the Procter farm yesterday afternoon.
The popular teacher's entertainment was greatly appreciated by the children.
The Daughters of the American Revolution are introducing a new idea in the annual Flag Day celebration, at the fourteenth.
For the first time there will be a Flag Day instead of the usual affair of Daughters and the men of Daughters, and instead of being held at one of the homes will be on the court house lawn, at 1 o'clock in the afternoon.
From the tiny tots usually falls the flag of the Flag Day program and this one Miss Pauline Pine is doing in attractive exercises.
Mr. David M. Barre, of St. Andrews, made a short address and Mrs. Barre sang.
The files is especially in accord with the hour. If the day is inclement the program will be given in Memorial Hall.
A very pretty affair, which occurred at the home of Mr. and Mrs. Jess Edith Wednesday evening, was an elegant dinner given in honor of their fifth wedding anniversary.
They had as their guests, Mr. and Mrs. Frank Cox, Miss Lillian Cox and Mr. Wm. Roby.
The table was beautifully decorated with white peonies, syringa blossoms and greenery.
The Missionary Circle of the First Baptist church held one of the three evening sessions of the year Wednesday night at the home of Mrs. Anna DeWees. Mrs. Wm. Vincent, president, presided.
The evening was one of distinctive interest in the presentation of the report of the Northern Baptist Convention recently held in Cleveland.
Mrs. G. L. Hart gave the woman's program; Miss Mary Robinson foreign missions, and Miss Margaret DeWees, home.
The reports were fine, of great inspiration and far reaching in their scope.
Miss Briggs and Miss Hicks played a lovely piano duet.
Mrs. DeWees was assisted in entertaining by her quartet of attractive daughters, Miss Kinkaid, Mrs. E. Arbogast, Miss Berte Coffman and Miss Laura Plymire.
The Clonians enjoyed Thursday afternoon with Miss Rose McLean.
The play, "The Man Who Married a Dumb Wife," was discussed and the hostess served a dainty reception.
The first of a series of county National League for Woman's Service Unites to work with the central organization here, was established in Bloomingburg Thursday afternoon.
There was an enthusiastic gathering of eager women in the Presbyterian church—women wanting to do their part whatever it might be and to begin at once.
An organization was effected with Mrs. L. W. Heinlein, chairman; Mrs. James Woodland, secretary and treasurer; Miss Edwards, chairman hospital supplies, and Mrs. Quincy Kinkaid chairman of the knitting committee.
Plans were outlined and active work will be begun as soon as materials arrive.
The "500" club held session with Mrs. Anna E. Henkle Thursday afternoon.
A large party of Eastern Star women, representing Royal Chapter, No. 29, go over to London tonight to attend the annual inspection ceremonies.
A lumber will also go over from the Bloomingburg chapter.

PERSONALS
Bernard Smith spent Friday in Columbus.
Miss Mary Dahl returned Friday morning from Dana Hall, Wellesley, to spend the summer vacation with her parents, Mr. and Mrs. H. B. Dahl.
Mrs. Isaac Snider and Mary Jane Giffin have returned from a three weeks' visit with Mrs. Snider's son, Mr. Orlan Snider, and family, in Wilmington.
Robert Hager, of Shiloh, O., is the guest of Robert McFadden.
Mrs. Loren Sever and daughter Marjorie, Mr. and Mrs. Ray Vanniman and daughter Virginia visited in Columbus the past two days.
Mrs. L. O. Tullis and daughter Miss Blanche are spending the week end in Bloomingburg, the guests of Mr. Charles Larrimer and family. Mrs. Tullis has received word that her father, Mr. James Luther, of Terra Haute, Indiana, is quite ill.
Mr. W. L. Plankenbom, arrived from Monticello, Ill., Friday morning to attend the funeral of his cousin, Mr. U. H. Parvin.
Mr. and Mrs. Fred Clemens of Selden, Mrs. R. A. Allen, Miss Forest Allen, Mr. Harry Allen and Jane Allen, of Milledgeville, attended the funeral of Mr. Milton Hunt at Bloomingburg, Clinton County, Wednesday.
Mr. William Westerfield returned to New Orleans, La., Friday morning. He was accompanied as far as Cincinnati by his brother-in-law Mr. Jess H. Millikan.
Mrs. Joseph H. Hidy left Friday morning for Cleveland to visit her daughter, Mrs. Will S. Gray in Painesville, O., where she also visits a daughter, Mrs. H. D. Rand. Enroute home Mrs. Hidy will stop in Akron to be the guest of relatives.
Mr. John Fisher, of Wilmington was a guest in town Wednesday night.
Mrs. J. A. Harps, Mrs. Chas. Mains and Mrs. G. H. Moorehouse were shopping visitors from Greenfield Thursday.
Miss Marie Beatty attended the O. S. U. commencement, at which her brother, Ralph, graduated.
Mr. Enos Ortmann returned Thursday night from Sulphur Lick Springs.
Mrs. Ed Pine, Dr. Lucy Pine and Miss Lucy Edna Pine were called to Greenfield Thursday by the death of a cousin, Miss Sada Pine. Mrs. Ed Pine remained over until Saturday.
Mr. and Mrs. J. N. Browning motored over to Mt. Vernon, O., Tuesday afternoon for a short visit with the latter's parents, Mr. and Mrs. O. W. Powell, and attended high school commencement Thursday morning. Mrs. Browning's sister was one of the class of 73 graduates.
Mrs. G. W. Baker is showing slight improvement after a week's illness. Her son Floyd Baker spent Friday here.
Mr. and Mrs. Will Calvert, of Hillsboro, were guests at the home of Mr. Spencer Calvert this week and accompanied Mrs. Calvert and daughter Miss Ethel to Columbus Thursday. They returned home Thursday night.
Miss Ruth Brownell returns Saturday from the Ohio Wesleyan University for the vacation.
Miss Hilda Kyle arrived from Columbus, Thursday evening to be the guest of Miss Louise Weaver.
Mr. Harrison F. Brown was summoned to Columbus Friday morning to act on the U. S. Grand Jury.
Miss Mary Hyer is the week end guest of relatives at Frankfort.

June Roses

June, the month of roses, has come again and the roses, although the month is almost one third past are just coming into bloom with all their gorgeous beauty.

This has been an ideal spring for the roses and, after an exceedingly hard winter, they are making the most of favorable conditions.

The extreme cold of the winter came near taking the life of even the most hardy old annuals and many flower lovers feared that their old friends would not be able to rally with the coming of spring.

Generous nature has soothed the hurts of winter, bound up the wounds of the cold season and sent the life currents flowing through stalks and branches into the tender leaf and bud. New shoots have been sent up by the old roots and the cool damp weather has proved to be the salvation of the roses as it did of the wheat.

It has been many seasons since the roses were as abundant and as beautiful as they are this year. It's a joy and delight to stroll about the places and enjoy the flowers that make June famous.

They are man's best and most faithful friends among all the kingdom of flowers. They are so sturdy and reliable, requiring so little and giving so much of pleasure.

The "C. H. & D."

The sale at public auction of the Cincinnati Hamilton and Dayton railroad marks the final passing of one of the great transportation systems of the middle west country.

The "C. H. & D." has had an eventful career. The ups and downs, the prosperity and adversities suffered by the organization, the actual truth, the cold bare facts about the financing of the road, make all fiction of frenzied deals seem common place recitals.

Some of the men who have operated with and operated upon that railroad system were financial surgeons whose genius placed them with the real wizards. Some of them went so far in their treatment of the road that they wound up behind the bars.

Most of us remember Ives who though but a mere clerk employed by the organization literally appropriated the whole system to his own use and control. Ives was a genius.

It was originally projected and built as a short local line from Cincinnati to Dayton, through Hamilton. The tremendous commerce of the prosperous Miami Valley soon made of it a road with more riches than were content with small surroundings and it spread out to Toledo on the north and then to Indianapolis on the west. It was then only a short time until a working agreement was made with the Monon railroad and "the C. H. & D." became the great through road to Toledo, Detroit and to Chicago. By that time the princes of high finance appeared and its stock was watered, "feeders" were acquired and man after man made his fortune by manipulating the road's stock, and retired.

There seems little doubt now that the final passing of the road is at hand and the name of a great agency in the work of developing a rich territory, prosperous more than once but ruined now, is to be but a memory.

The Joliet Revolt

The revolt of the convicts in the state prison at Joliet, Illinois on Tuesday in many respects the most vicious and determined revolt against prison discipline ever known in this country is now being attributed to the misdirected efforts of women reformers.

The Joliet revolts should be a warning to those who seek to create the impression among convicts that they are being mistreated by the laws of organized society.

Perhaps the charge that ill advised efforts of women reformers were the cause of the revolt is not well founded. We hope it is not. There are thousands of good women and good men, too, who do a noble and an unselfish work among the morally deficient and among the men, we call convicts, whose view point has been thrown out of line with the world.

The efforts to reform the unfortunates who, for some breach of society's laws, have been condemned to prison, are bringing results.

The old and cruel methods of punishment have been abolished and now days many men who have strayed away from the straight path, have "come back" and become useful citizens.

Our reform wardens and our reform teaching and preaching men and women are responsible for the very much improved condition and that too in spite of the fact that the world has frowned upon rather than applauded their efforts.

Unfortunately there are now, as there has always been, a few reformers who go to extremes. They are capable of doing incalculable mischief by their teachings and frequently do the most damage in the quarters they are seeking to better.

Poetry For Today

REGISTERED.

With bayonets and cartridge belts,
And rifles proudly borne,
Camp kitchens for our beef and beans
And coffee in the morn,
Airplanes and auto trucks enough
To take away your breath,
We're following the starry flag
To victory or death.

The doctor, lawyer, chauffeur, groom,
The youth who used to shine
Our boots, the merchant and the chef
Have fallen into line.
The waiter and the millionaire
Are bunkies now, and chums,
Arrayed in khaki uniforms,
And marching to the drums.

Columbia buckled on our swords
And handed us our guns,
And said, "For poor humanity
Go forth and fight, my sons."
So horse and foot and flivver, too,
Across the wide blue sea,
We're following the Stars and Stripes
To death or victory.

—Leslie's.

GOING UP

Columbus, June 8.—War is not expected by those in charge of this year's Ohio State fair to interfere with the attendance and exhibits at the big exposition which will be held the last five days of August. The fair grounds are astir with activity in preparation for the fair. Something like \$250,000 is being expended on new buildings and repairs at the grounds. Work is being pushed on the new coliseum, which represents an expenditure of \$200,000. It will be nearing completion at the time of the fair and visitors will have an opportunity to see the structure in which will be held the national dairy show in October. The sum of \$15,000 is being spent in the removal and rebuilding of the large sheep barns. It was necessary to change the location of the barns to make room for the enormous coliseum. E. V. Walborn of Van Wert, manager of the fair, has adopted "Everybody's Going" as the popular slogan for the exposition. He predicts the greatest fair in the history of the state.

ENORMOUS LOSSES BY FIRE IN UNITED STATES

By Associated Press Dispatch.
Columbus, O., June 8.—A statement showing the enormous loss from fires has been issued by Fire Marshal T. Alfred Fleming as a part of the state's campaign against fire loss of food stuffs, recently begun as a "war defense" measure.
The fire loss per person in the United States and Canada is greater than that of any other country in the world, averaging \$2.59 per capita. In 20 years fire has destroyed more property than could be bought with all the money in capital and assets in national, state, and private banks doing business today. The loss averages \$500 for every minute of the day for 365 days of the year and it has been determined, says the statement, that 75 per cent of such loss is due to pure carelessness and very often criminal carelessness.

"It takes a year to grow a good crop of food stuffs and it takes 10 years to grow a tree to the size where it can be cut and used for building or finishing," points out the fire marshal. "Nothing that is destroyed by fire can be replaced and it seems to me to be highly important to teach every owner of property to be his own 'fire warden' and in turn teach his children and other members of his family the great importance of conservation."

As an indication of what fire loss means, the fire marshal has compiled figures showing fire loss to each individual. In the United States it amounted to \$2.62 per person; England 53 cents, France \$1 cents, Germany 21 cents, Canada \$2.61, Scotland 56 cents, Italy 31 cents, Russia \$1.17, Austria 8 cents.

In cities, New York's loss is \$2.45 for each resident; Chicago \$2.59, Philadelphia \$1.37, St. Louis \$3.31, Boston \$3.26, Cleveland \$1.07, Baltimore 93 cents, Detroit \$2.53.

Result of a Prank.

Cleveland, June 8.—Charles Batto was stabbed to death by a fellow workman at the Ohio Foundry company as a result of a prank. Batto, in passing another workman who was seated on a keg kicked the keg. Enraged at this, the latter grabbed a file and stabbed Batto through the head. The assailant escaped.

BUY A LIBERTY BOND NOW.

OHIO NEWS

(By American Press)

Skiff Capsizes; Three Drown.
East Liverpool, O., June 8.—John Davison, thirty; his wife, Elizabeth Davison, and Davison's father-in-law, Frank Grimm, sixty, were drowned in the Ohio river here when the skiff in which they were returning from Cabb's island struck a rope stretched across the river and upset.

Draft Exemption Claims.

Columbus, June 8.—Complete figures from seventy-one counties show that 73 per cent of the white men and 53 per cent of the colored men put in exemption claims. These counties reported 44,092 aliens and 5,657 alien enemies. The estimated total for the state is now 539,908.

Fauver Refuses to Give Up Keys.

Columbus, June 8.—When John I. Miller, Columbus, recently appointed superintendent of public works, went to the office in the statehouse annex, Frank R. Fauver, Elyria, incumbent refused to give up his keys. Miller is a Democrat, Fauver a Republican. The latter claims his two-year term does not expire until July 25. Miller claims it ended June 6.

Drys Call Election.

Cleveland, June 8.—Superintendent J. S. Rutledge of the Anti-Saloon league announced that Ashtabula will vote on June 20 on the question of ousting saloons. "Two-thirds of the voters of Ashtabula county already have signed dry amendment petitions," said Mr. Rutledge, "but the drys could not wait until November for a vote on the question."

Women Killed at Crossing.

Zanesville, O., June 8.—Mrs. Lemuel McCauley, forty-eight, of Caldwell, Noble county, and her daughter, Angabel, twenty-two, were instantly killed at Coal Ridge, a mining village five miles from Caldwell. They drove onto the railroad track and were struck by a passenger train. Their bodies were not mangled, but death was instantaneous in both cases.

A New Summer Dessert Quickly Prepared

Baker's Coconut Delight

Slice five Sunkist Oranges uniformly good. Add two tablespoons of granulated sugar. Mix well together. Then sprinkle over top one-half can of Baker's Fresh Grated Coconut which has been pressed in sieve. Use remainder of coconut for making layer cake.

Serves five persons.
This is an ideal dessert in summer. It is cool, refreshing, inviting—and there's no troublesome cooking.

Always keep a can or two of Baker's Fresh Grated Coconut in your pantry. It instantly solves the problem of a tempting dessert if an unexpected guest drops in.

WORK PROCEEDS ON THE FAMOUS EAST END DITCH

Contractor Watson Walter has a gang of men at work on the East End sewer, which will soon be completed and the residents of the east side given relief from overflow during heavy rains.

The sewer in question is to be 18 inches, and will in no sense, be a sanitary sewer, but simply constructed to take care of the storm water and the drainage of the territory in the basin east and north of the city.

Several days ago the work was started at the Pennsylvania railroad, and at the present time the sewer or drain has been constructed to immediately below Washington avenue. As rapidly as possible the work of completing the entire 450 rods will be completed. The sewer is seven feet below the surface.

The old sewer meant to drain the same territory is of 20 and 15 inches, but because of improper construction and failure to complete is nearly worthless. It will not be disturbed by the new sewer.

At present the old sewer extends from Paint creek to a point above Paint street, east of Lewis one square where the open ditch drains into the tile instead of the usual method of draining a tile into an open ditch.

The new drain will connect with a large tile at the B. & O. railroad, draining territory north of the city for a distance of two miles or more.

DEATHS

William Lambert, the little two-year old son of Mr. and Mrs. Carey Lambert, died at 7 a. m., Friday at the home on Campbell street.

Funeral services will be held Saturday at 3:30 p. m.; burial in the Washington cemetery.

RECEIVES WORD OF BROTHER'S DEATH

Mrs. W. M. Sylvester received word, Friday morning of the death of her brother, Mr. S. O. Clyburn at the home of his son Mr. Tom Clyburn in Greenfield.

Mr. Clyburn who has been ill for several months is a well known stock buyer and has been a resident of Sabina for many years.

The deceased leaves six sons, two brothers and one sister.

The remains will be taken to his home in Sabina where funeral services will be held Sunday afternoon. Interment in Sabina cemetery.

BIG PRODUCTION AT THE PALACE

A wonderful presentation of Charles Dicken's great novel, "A Tale of Two Cities," was given in the Fox photo drama at the Palace Thursday night.

It brought to life the thrilling events which centered in the French Revolution and gave a masterly historical review as well as a most exciting play.

Wm. Farnum, Fox star, played the dual role of Charles Darnay, the French aristocrat, and Sidney Carton, the heroic englishman, superbly and the part of the lovely Lucie Manette, the choice of both men, was extremely well played by Jewel Carmen a film actress both pretty and winning.

Few productions shown during the past season have aroused such enthusiasm. The Palace was packed for both shows last night and will undoubtedly draw banner houses to night.

BULK OF MORTGAGE IS PAID BY THE "Y"

The Y. M. C. A. has paid \$8100 and interest on the \$10,000 mortgage given on the institution a few years ago, leaving only \$1900 of the amount unpaid.

paid, and arrangements are being made to pay the remainder with the \$2,000 pledged by the late Hon. Humphrey Jones who made the pledge providing all other indebtedness be lifted by June 14, 1917.

With the \$16,000 recently pledged virtually all collected, the Association is now in a splendid financial condition, and the payment of the last penny of indebtedness will be the signal for a general thanksgiving among Y. M. C. A. supporters.

JUDGE JOSEPH HIDE HARVESTING ONIONS

Judge Joseph Hidy of this city is completing the work of superintending the harvesting and marketing of 70 acres of onions near Crystal City, Texas, and expects to have in excess of 25,000 crates of extra choice onions for market.

A large crate of the onions has been shipped to this city for distribution among Judge Hidy's friends, and are to be found at the P. & D. Bank. The onions are nearly all three to four inches in diameter, and of exceptionally fine flavor.

MASONIC TEMPLE CASE IS DECIDED

Judge Carpenter Friday morning decided the case of The Maschic Temple Company against E. E. Bope, et. al. holding that the lien holders and sub-contractors held no lien against the fund in the hands of the Masonic Temple Company, recovered from the surety company of E. E. Bope.

In the original action the Masonic Temple Company was awarded some \$9,000 from the surety of Bope, and it was claimed that of the amount \$4800 was still in the hands of the Masonic Temple Company, and it was from this fund that the lien holders and sub-contractors sought judgment.

Logan and Bush represented the Masonic Temple Company and the lien holders and sub-contractors were represented by Rankin & Rankin, Gregg, Patton & Gregg, Hidy and Sanderson, Post & Reid, Dragan, of Columbus and Cattell, of Chicago.

YATESVILLE COMES TO THE FOREFRONT

Yatesville Lodge, Knights of Pythias, has taken the initiative in honoring the recruits and all who registered in surrounding territory and Saturday night gives a banquet in their honor.

The banquet is not confined to honoring the members of the order who have enlisted or registered, but to all who have enlisted from that community and to all who registered at Yatesville Precinct.

The affair promises to be one of unusual interest, and the action of the lodge is expected to be followed by similar action of other patriotic secret societies.

K. OF P. MEMORIAL AT BLOOMINGBURG

Bloomington Knights of Pythias will hold their annual memorial services Sunday afternoon, June 10th, at two o'clock, and the graves of all deceased Knights will be decorated.

BAPTISM OF CHILDREN

All babies and other little children whose parents or guardians present them for baptism, will be baptised next Sunday morning at the annual Children's Day service at the Grace M. E. Church. The Children's Day program will begin at 9:30 a. m. The baptismal service will take place about 11 o'clock.

A Man is No Older than He Feels

and certainly no older than he looks. This is a young man's age when men who look young and feel young and are young are reaping the golden rewards of this life.

CLOTHES

are the first essential. They give, and reflect in turn, that sprightliness of spirit that makes for success and characterizes successful men.

Our Clothes

impart this feeling. They are typical of the hey-day of manly endeavor. They are designed for young men and men who feel young. They possess that dash of youthfulness that laughs at the world and triumphs over it.

PIONEER WOMAN DIES IN THE SOUTH

Margaret Jane Creamer Fellers, aged 83 years, widow of Dr. Samuel F. Fellers, of Civil War fame, former residents of Greenfield, Ohio, died at the home of her daughter and son-in-law, Mr. and Mrs. George A. Barnes in Chattanooga, Monday morning, June the fourth.

Mrs. Fellers was the daughter of Simeon and Elizabeth Conner Creamer, early settlers, about 1810, in Jefferson Township, their home what is now known as the Creamer homestead.

She will be remembered as a frequent visitor at the homes of her sisters, Mrs. Solomon F. (Mary) Johnson, and Mr. Frank Johnson and Mrs. Lucy Johnson Perrill.

She was of a family of seven children, three boys, William, Michael, Jacob, and four girls, Sarah, Mary, Jennie, Elizabeth.

Simeon Creamer was married twice. The second wife being Anna Johnson, daughter of Thomas Farmer and Mary Faulkner Johnson, and

a sister of Solomon F. Johnson. The children were Arnetta, Simeon Thomas and Phebe Anna.

By this union an unusual relationship was created for Frank Johnson and Mrs. Lucy Perrill, Anna was was their aunt. By her marriage to their grandfather, Simeon, she became their grand mother.

Death, the proprietor of every one, has claimed all, excepting Simeon.

Miss Pauline Pine has returned from the school of Physical Culture, Battle Creek, Mich., to spend the summer vacation.

CONCERT SUCCESSFUL

The presentation of "Sylvia" by the Stinson School of Music operatic company at the Extension School in Bloomingburg on Thursday night was very successful.

Ruth Parrett, Olive Hillery and Walter Sprenger deserve special mention for the extra fine work they did in their parts.

Quite a few Washington friends of the cast motored over to Bloomingburg for the concert.

The opera will be given in this city in a few weeks.

THE OLD RELIABLE STILL IN THE LEAD

New peas, new green beans, green cucumbers, solid cabbage, fancy new potatoes, asparagus, lettuce, green onions and radishes. Texas onions, pine apples, bananas, oranges, lemons, prunes, peaches, apricots. Three dozen sour pickles for 25 cents. 25 lbs. best cane granulated sugar \$2.15, subject to change without notice. Killo, destroys moth, bugs, roaches, ants and germs of all kinds. Does not stain, is non-poisonous, 15c and 25c per box.

Yours,

J. W. DUFFEE & CO.

GOETHALS TIES CANS ON TWO

By Associated Press Dispatch.

Washington, June 8.—Major General Goethals, general manager of the Emergency Fleet Corporation, today dismissed F. A. Eustis, of Boston, assistant general manager, and F. A. Clark, of New York, the two engineers that originated the wooden fleet idea.

The dismissal of Eustis and Clark today followed their action of last night in issued statements virtually charging General Goethals with holding up the shipbuilding program in the national emergency.

URGED STRONGLY WOODEN SHIPS

By Associated Press Dispatch.

Washington, June 8.—Eustis and Clark, both engineers, brought the idea of quickly building a great fleet of standardized wooden ships to combat the submarine menace to the Shipping Board, but General Goethals disapproved of it in the main, favoring steel, and the Shipping Board gave him absolute authority to decide the question and build the fleet.

Eustis and Clark chafed under the opposition to wooden ships. They publicly announced in their statements that they felt that the country was being injured by not adopting the plan of quickly building a fleet to run the submarine blockade, and de-

cided last night to force the shipbuilding issue by making their statements. They frankly expected to be dismissed for their action, but said they thought it their duty to apprise the country of the facts as they saw them.

Their statements charged Goethals with blocking the shipbuilding plan by insisting on what they characterized as an impossible form of contract.

They also gave the names of shipbuilding concerns, which, they said, were ready to turn out the cargo carriers if Goethals would sign the contract.

NO CONFIDENCE SAYS HARDING

By Associated Press Dispatch.

Washington, June 8. — Senator Harding, Ohio, Republican, disclosed in the Senate today that lack of public confidence was retarding subscription to the Liberty Loan; and that in the interest of unity, senators were withholding information which "might call for investigation and shake the confidence of the American people in the conduct of the war."

REPLIES TO LEWIS

Senator Harding was speaking in reply to Senator Lewis, the Democratic whip, who had attacked Senator Harding's Decoration Day speech at Columbus, Ohio, in which he referred to Secretary McAdoo's bond selling methods as "hysterical" and "unseemly."

"I have no hesitancy in reaffirming that statement," insisted Senator Harding. "I believe the Liberty Loan campaign to be hysterical and unseemly."

Senator Lewis assailed Senator Harding for making a partisan speech on Decoration Day, which he characterized as "an unfortunate bit of partisan speech, in order that he might strike at the President."

WHEAT CROP INCREASES PROMISED

By Associated Press Dispatch.

Washington, June 8.—The prospective wheat crop of the United States this year was forecast today by the Department of Agriculture at 656,000,000 bushels, combining a revised estimate of the badly damaged winter crop and the first estimates of the new spring crop, based on June 1 conditions.

That compares with 640,000,000 bushels harvested last year and 806,000,000 bushels, the average crop for 1911 to 1915.

M. Baker, Roy Heglar, Robt. McGinnis, H. W. Jones, James Hodge.

Hitch in with Blackmore, 15c.

MEN WHO REGISTERED CAN JOIN COMPANY M

The impression seems to exist that men who registered cannot join Company M or other military organizations, but such impression is incorrect, as the purpose of registering was to ascertain who is eligible for military service, and in no way prevents them from joining Company M.

A number of young men who claimed no exemption and realize that they will be among the first persons drafted, have made inquiry to First Lieutenant Billie E. Paul and indicated their intention of enlisting in Company M rather than await drafting.

When the draft board comes to the name of a man who has registered but since has enlisted, or who has enlisted and failed to pass the physical examination necessary, no further demands will be made upon that man.

It is believed that Fayette county men will, before draft comes, more fully realize the advantages of enlisting with a home company, and that Company M's ranks will be filled to full war strength.

ALLIES' NEEDS ARE ENORMOUS

(By American Press)
Washington, June 8.—Herbert C. Hoover's report on what the United States must do to sustain its allies with food shows that the allies and a few neutrals which must be considered, require during the next year 1,000,000,000 bushels of cereals alone and that their needs of meat, fats and sugar also will be enormous.

Production in the allied countries and imports from other countries can meet only a portion of these needs. America must supply the remainder. America's surplus on the present scale of consumption will not meet the deficiency, Mr. Hoover says, so he points out that the enormity of the task requires reduction of home consumption in many ways.

The report closes with an appeal to the American people to assist the food administration in its efforts to increase production and to conserve American supplies. "We are at war," it says. "We must do what success in war demands. He also fights who helps a fighter fight. That is the way we can all help in the war and if we don't help the war will not be won."

The senate today took up the administration bill empowering the president to compel priority of shipment of foodstuffs, fuel and other necessities during the war.

Administration leaders are urging its passage, but many Democratic and Republican senators are prepared to make a vigorous fight against it. President Wilson has insisted that the power asked should be placed in his hands, even if it never became necessary to exercise it, as a part of the food control program. Opponents of the bill insist, however, that such power would be unreasonable, arbitrary, and that preferential foodstuffs shipment is adequately assured by the present cooperative agreement between the roads and the defense council.

Senator Newlands, in charge of the measure, has indicated a willingness to accept an amendment by Senator Hollis, stipulating that the bill shall not operate to curb labor's right to strike but several senators oppose such a change and a warm fight is in prospect.

STEADY DEMAND FOR THE LIBERTY BONDS

The demand for Liberty Bonds in Fayette county has settled down to a steady one, and the bankers and those behind the organization to see that Fayette county does her part in the purchase of bonds, are satisfied with the way the demand continues, and believe that when June 15th is up that most Fayette countians will have done their part toward the purchase of the issue of bonds.

Meanwhile all who can afford to do so and have not yet purchased bonds are urged to do so without further delay.

Can't Sail the Seas But Helps In Enlisting the Sailors

TWO VIEWS OF USS RECRUIT

The U. S. S. Recruit, the only land battleship ever built in this country, was "launched" on a navy and marine recruiting campaign in Union square, New York. The wooden dreadnaught, which is a huge miniature of a first class battleship, was built under the direction of the mayor's committee on national defense. It is the headquarters for the recruiting in the New York district of the navy. America's first line of defense.

As a fully rigged land battleship the Recruit presents an inspiring sight to the thousands of men and women who cross Union square every day. More than anything else since the recruiting campaign has begun the presence of the dreadnaught is expected to bring the arrival of war directly home to the people of New York.

Measuring 200 feet from stem to stern and forty feet beam, the Recruit has been built to offer much needed quarters for both the navy and marine recruiting forces. A spacious waiting room for recruits and applicants, physical examination rooms, both fore and aft; doctors' quarters, shower baths and numerous other accommodations for officers and men are provided in the architectural plan of the vessel's interior. There is also an office through which all the recruiting reports for New York are given out for publication.

DAYTON WOMAN SAYS WORK IS MUCH EASIER

Tells How Tanlac Built Up Her System So She Can Do Household Duties Without Tiring So Much

"I have been benefited so much by Tanlac that I don't think anybody who is in a run down condition like I was can make a mistake by trying it," said Mrs. A. T. Angle, 143 Evanston avenue, Dayton, O.

"For a long time my system was all run down. My sleep at night was so broken that I didn't get much rest and I got up in mornings feeling as tired as I did the night before. My housework during the day tired me out, too, and by night I would be so worn out that I didn't want to go anywhere but to bed.

"My appetite was poor, too. Food didn't tempt me at all and about every thing I ate tasted the same.

"I think I'd rather get sick in bed and get it over with than to go on day after day feeling half way 'sick like I used to.

"I've noticed a general improvement since I started taking Tanlac. I rest good at night now and get up feeling fine. My work doesn't tire me out as it did before.

"My appetite is greatly improved, too, and I am enjoying my meals again.

"I'm glad to recommend Tanlac to anybody who feels run down." Tanlac is a vegetable tonic especially designed to build up run down people. If you are not feeling right get Tanlac today. You can get Tanlac at Blackmer & Tanquary's drug store, Frank Christopher's drug store or C. S. Haver's drug store. advt.

Fayette St., Washington C. H. O.

WHEAT PROSPECTS NOW 88 PER CENT OF AVERAGE CROP

21,203,000 Bushels in Ohio Is Estimate—Oats Expected to Produce 40,800,000 Bushels. Much Corn Rots During Wet, Cold Weather.

Wheat condition in Ohio has gradually improved since the opening of spring this month's estimate shows an upward move of a few points. April 1st the condition was 80 per cent as compared with an average; May 1st, 83 per cent was shown; while the present report shows a prospect or condition of 88 per cent. The North east section has an increase of 12 points, the Northwest 6 points, and the Southwest 4 points, while the Southeast shows a decline of 3 points. All this is encouraging when compared with the dismal prospect of one year ago, which was 68 per cent compared with an average.

Generally speaking the plant is strong and healthy. No material damage has been reported during the past month, although some of the fields on the lowlands have been flooded by heavy rains, but the damage cannot be accurately estimated at this time. The area plowed up this spring is reported as 8,202, acres leaving 1,570,643 acres for the harvest. The present prospect indicates that the average product per acre will be about 13.5 bushels, or a total production of approximately 21,203,000 bushels, which is 8,367,000 bushels short of a ten year average production.

Oats growth has been retarded by extreme cold weather during the month of May and the prospects are reported at 86 per cent compared with a normal production per acre, 30 bushels per acre being normal, represented by 100 per cent in this report. The area seeded to Oats for the present harvest is estimated at 1,584,459 acres. From the prospect now reported this should produce approximately 40,879,000 bushels which is about 3,723,000 bushels short of a ten-year average production.

From reports received the area planted in Field Beans is 1,200 acres, with a growing condition of 85 per cent. This is the first time in the history of the Department a report has been asked for on field beans.

The dry cold weather during the greater part of May has acted quite seriously on the meadows and pastures. Timothy is thin and the crop will be light. The late rains revived the pastures and good growth is again being attained.

Corn planting is still in progress. Much of the seed planted early rotted in the ground and many fields were replanted. There will be an increase acreage of Corn and Potatoes.

A small per cent of hogs is being fed for summer markets, the average reported being 51 per cent.

Fruit prospects compared with a normal yield are as follows: Apples 73 per cent; peaches 31 per cent; cherries 65 per cent; plums 63 per cent; pears 65 per cent; and strawberries 85 per cent.

Will Probe Charges of the Sick Sailors

THE SOLACE

SURGEON BRAISTED

By direction of Secretary Daniels, Surgeon General Braisted of the navy left Washington to make a personal inspection of the United States naval hospital ship Solace and other vessels of the Atlantic fleet for the purpose of ascertaining what basis there is for charges contained in a round robin signed by about thirty sick sailors who say that the Solace is in sanitary and that they have been subjected to great danger of contagion while being transferred on that vessel from ships of the fleet to naval hospitals. The round robin was read to the senate by Senator Calder of New York, who obtained authority to have the committee on

naval affairs make an investigation. Surgeon General Braisted has been directed by Secretary Daniels to lay the round robin before Admiral Mayo commanding the fleet, and to take charge of the investigation. Some confusion has arisen over the charges taken up by Senator Calder through the supposition that the Solace is a hospital ship in the sense that she is a floating hospital. It was explained at the navy department that the Solace was primarily an ambulance to transfer sick men from ship at sea to hospitals ashore.

Save Your Worn Tires

You Can Get 5,000 to 10,000 More Miles out of them by using Gates Half-Sole Tires. We will put them on for you and change your old tires into new ones at about one-half the price you would have to pay for new tires.

Your tire comes into our plant, worn and scarred from service, and we deliver it back to you—the same tire—made oversize and with a brand-new non-skid tread of fresh rubber. Not a square inch of your old tire will be in sight, and you will not be able to tell it from a new tire.

GATES HALF-SOLE TIRES

Are absolutely guaranteed for 3,500 miles of wear without a puncture—and many users are averaging from 5,000 to 10,000 miles. You cannot get this kind of guaranteed service from any tire on the market without paying two or three times the cost of a Gates Half-Sole Tire.

LET US SHOW YOU

Don't throw away another worn tire until you have investigated the Gates Half-Sole. If you are paying the tire bills you will be interested and we are ready to show you how to keep in your own pocket a big part of the cost of new tires and get better tire service than you have ever had before. We guarantee it.
